

THE

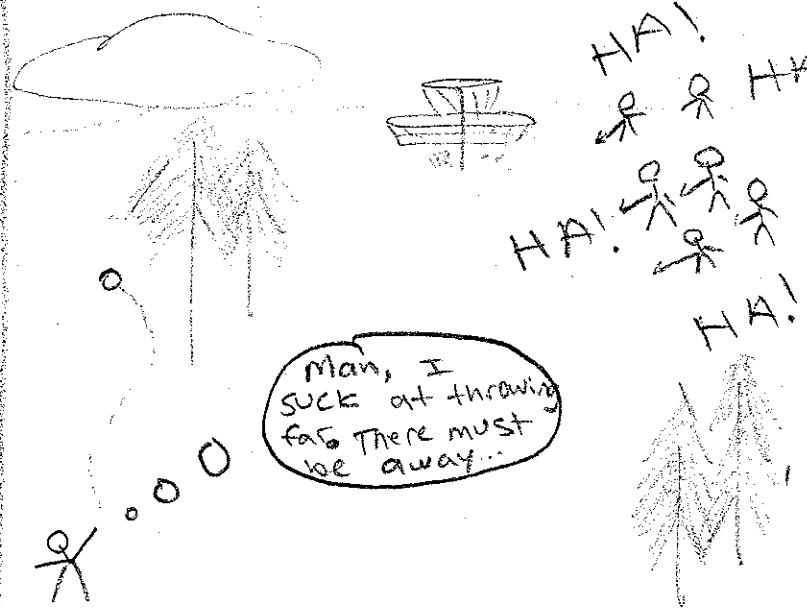

ANDROID

TAKEOVER

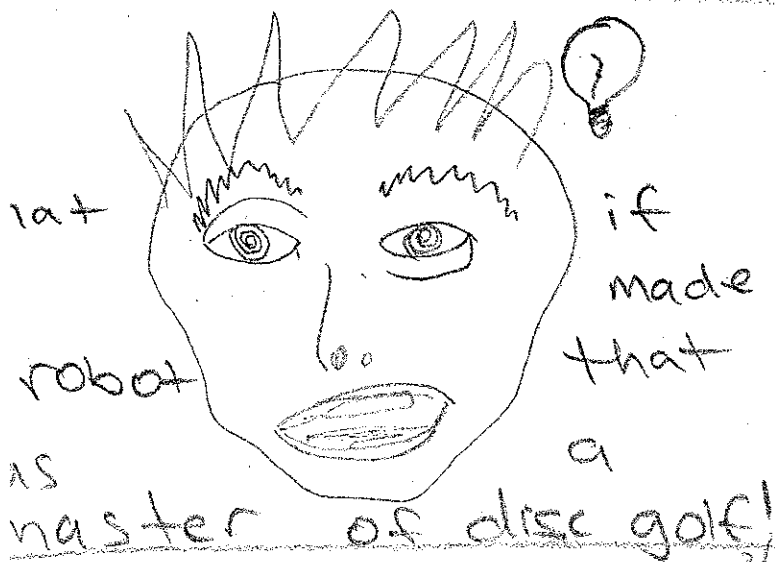

(The DGA and PDGA would never let this happen!)

Man, I suck at throwing fris. There must be away...

HA! HA! HA!

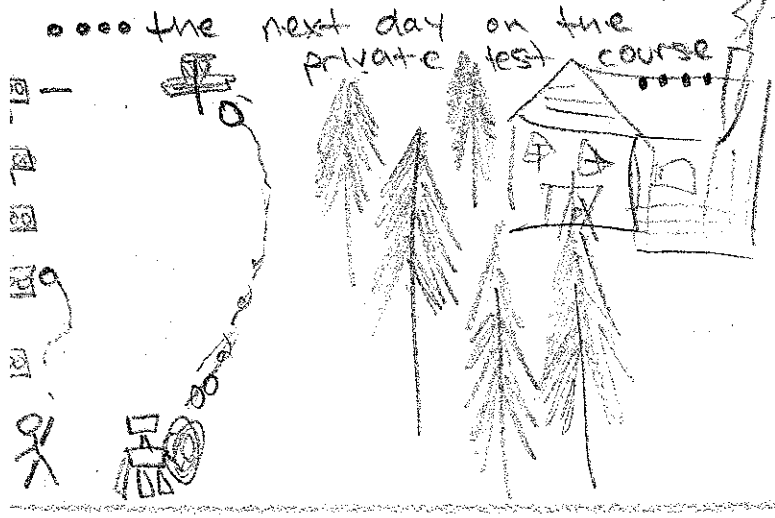

robot as master of disc golf!

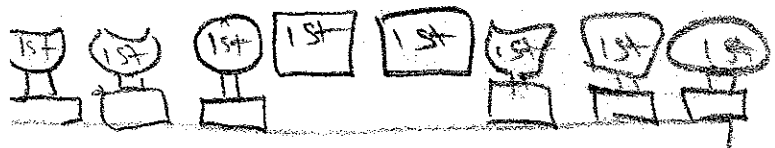

500 feet!

Robot... with your drives that are calculated with wind, distance, and power factors, we could win EVERYTHING

... the next day on the private test course

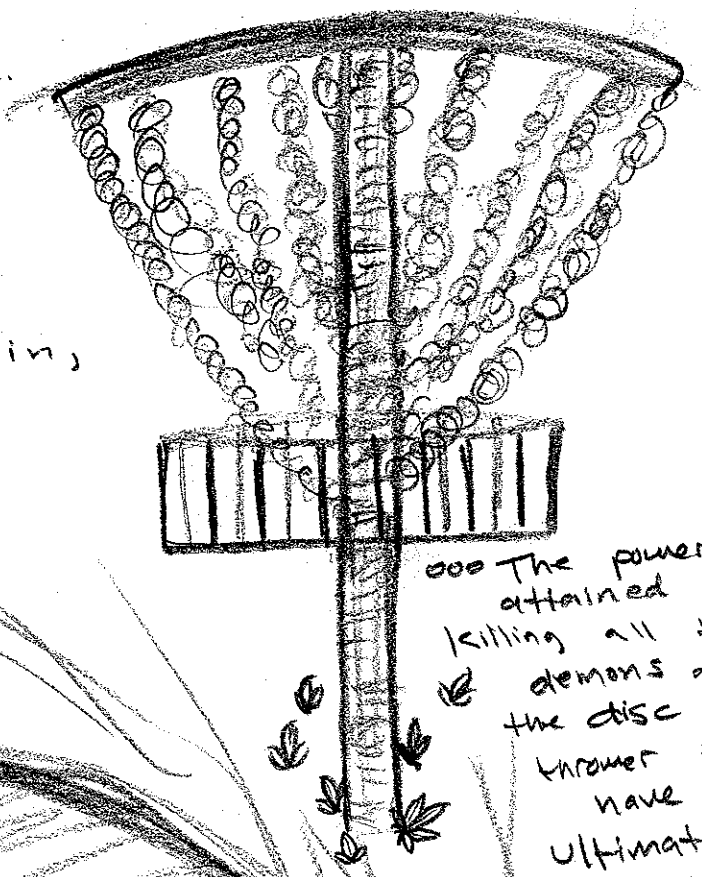

... After realizing that winning wasn't everything, "the creator" discovered what it means to be man. To have inabilities is human, and it is ok not to be perfect. He was

悪魔「あくま」

Your idea is that throwing a disk to the goal is saving the world. I think the demon will be your good teammate! Haruna

And when the disc went in, all went quiet

The disc flew 700 feet

The powers attained from killing all the demons allowed the disc and thrower to have ultimate control

Someone shouted, "It appears to be under control via that guy's mind! UNBELIEVABLE!"

DISCRAFT

Handwritten Japanese text: 何れもこの技は先ず... (Whatever it is, this technique is first...)

Your idea is...
